Altoona, WI 54720-0278

Learning Objectives

- You'll be able to:**
- Identify** the four tiers of accessible design.
 - Learn** about universal design options for renovations and new construction.
 - Design** for accessibility from parking areas and garages, and create room-to-room mobility.
 - Avoid** kitchen and bath design problems that negatively affect daily living.
 - Create** accessible exterior spaces that enable outdoor recreation.
 - Design** residential spaces that are universal and inclusive.

HalfMoon Education Online Learning

Universal Residential Design

Live, Interactive Webinar - Thursday, July 15, 2021

- Understand** the philosophy and principles of universal design
- Learn** how to design accessible entryways and promote interior mobility
- Explore** kitchen and bath designs that add safety, access and convenience for the homeowner
- Consider** universal design approaches to outdoor pathways, patios, porches and decks
- Take** a guided, virtual tour of a home featuring many universal design features

Continuing Education Credits

Professional Engineers 7.0 PDHs	International Code Council .7 CEUs (Accessibility)
Architects 7.0 HSW CE Hours	Interior Designers 7.0 CE Hours (HSW)
AIA 7.0 LU HSW	

Faculty

Michael Perry, AIA, is a licensed architect in 20 states, principal, and executive vice president of Progressive AE. Mr. Perry serves on the Board of Directors of the Global Universal Design Commission and he frequently writes and presents on the topic of Universal Design in the built environment. He has led several Fortune 500 companies at implementing accessibility and inclusion best practices on a global scale for their built environments. Helping public and private organizations understand the concept of universal design and how it can help in the success of their overall diversity, equality, and inclusion goals is his passion. He served as the principal architect on the Mary Free Bed YMCA, the first campus to be certified by the Global Universal Design Commission. Mr. Perry also continues to actively write and speak on the topic of universal design and has enjoyed presenting at Zero Project in Austria, The University of Notre Dame, Syracuse University, Michigan State University, the US Access Board, the Olympic Training Center, the Inclusion Summit in San Antonio, Disability In conference, SRAPPA conference, and CoreNet New York. He also co-authored a research paper that is published in the *Disability and Health Journal* titled “Participation by Design - Integrating a social ecological approach with universal design to increase participation and add value for consumers.”

Fred D. Cawyer, AIA, NCARB, RID, RAS & APA, has been the owner of ARS - Accessibility Resource Specialists, PLLC, since 1995. Mr. Cawyer has coordinated over 8,000 accessibility plan reviews through the oversight of the Texas Department of Licensing and Regulation, Architectural Barriers Division (TDLR-AB). As a registered accessibility specialist, he performs state required accessibility plan reviews and on-site inspections. Licensed as an architect and interior designer in Texas and as an architect in Florida, Mr. Cawyer also provides nationwide ADA Title III accessibility consulting, Fair Housing Act consulting, lawsuit remediation, and expert witness services. He is a graduate of Abilene Christian University and Texas A&M University holding a Master of Architecture degree in Building Design with a specialty in Healthcare Planning and Design. He is a graduate of the TDLR-AB Accessibility Academy and serves the citizens of Texas as a Registered Accessibility Specialist. Mr. Cawyer is also an active charter member and a past president of the Accessibility Professionals Association (APA).

Rosemarie Rossetti, Ph.D., is a powerful, internationally known expert on universal and accessible design and president of Rossetti Enterprises Inc. She speaks to and consults with interior designers, architects, builders, remodelers, developers, occupational therapists, realtors, and consumers that want to create inspired and livable homes. Her presentations and consulting help people integrate universal and accessible design features and products. She and her husband, Mark Leder, led the design team, were the general contractors and live in the nationally-acclaimed Universal Design Living Laboratory demonstration home and garden in Columbus, Ohio. This is the top-rated universal design home in North America with three universal design certifications. She is the author of the *Universal Design Toolkit: Time-saving ideas, resources, solutions and guidance for making homes accessible*.

Deborah Ann Rozell is a certified interior designer and educator, national professional speaker, universal design specialist and president/owner of the firm Innovative Inclusive Design, LLC. As a residential and commercial interior design firm, Innovative Inclusive Design, LLC, designs interior environments that communicate their client's personal style, are beautifully designed and universally accessible for all ages and stages of life. Innovative Inclusive Design's most recent project was as the interior design firm for a development company building the first inclusive elevator townhome community with the standards of “Design for Life” in Montgomery County Maryland. Ms. Rozell is certified in Interior Design, Home Modification (ECHM) from UCLA, Aging in Place (CAPS) from the National Home Builders Association and holds a Special Education degree. She has received certificates from the Harvard Graduate School of Design in “Residential Design for Health and Longevity” and Harvard Graduate School of Education in “Learning Environments for Tomorrow” and Feng Shui. Ms. Rozell was a founding member and currently serves as an advisor to the Board of Directors for Little Falls Village and is an active volunteer with the DC chapter of Aging 2.0. and other National and local disability and aging organizations.

Cynthia Leibrock, MA, ASID, Hon. IIDA, is an award winning author, an international lecturer, and a designer with over 30 years of experience. Her mission is to improve health, longevity and life quality through universal design. She is the principal/founder of EASY ACCESS TO HEALTH, LLC. The firm offers consulting services in patient centered design, planning for independent living, product analysis, and judiciary witness services. Prominent projects include The Betty Ford Center, the UCLA Medical Center, automotive interior design for Toyota, and a universal design exhibit for the Smithsonian (with Julia Child). In conjunction with Eva Maddox, she completed a showroom for the Kohler Company in which over a million consumers have learned about universal design, and a “living laboratory” in Fort Collins researching the environmental needs of older people. She offers keynote presentations and workshops internationally, including multiple lectures for many of the Fortune 500 companies. She has served as a lobbyist for people with mental disabilities, as a judiciary witness in code compliance and accessibility cost estimation, and as a research associate on the dean's staff at Colorado State University. For the last 20 years she has taught courses in the architecture department at The Harvard University Graduate School of Design and has conducted healthcare design research in Scandinavia, Northern Europe and Japan. Numerous publications have resulted from her sponsored research including her books *Design Details for Health, Beautiful Barrier Free: A Visual Guide to Accessibility*, and *Beautiful Universal Design*, co-authored with James Evan Terry. Because of this work, she has twice been awarded the Polsky Prize for literature.

Kurt Haapala, AIA, LEED AP, is a partner at Mahlum Architects Inc. and an industry leader in the planning and design of student housing facilities with over 27 years of professional practice. He has completed residential projects for over a dozen college and university campuses across the west coast. He is a frequent presenter about student housing, equity and inclusion, sustainability and campus planning for organizations such as SCUP, ACUHO-i, NWACUHO, NACAS, APPA and AASHE. He served as the 2011 President of the Portland Chapter of the AIA, and was the 2010 & 2011 Delegate to the AIA Oregon and AIA Northwest & Pacific Regional Board of Directors.

Continuing Education Credit Information
This webinar offers 7.0 PDHs to professional engineers and 7.0 HSW continuing education hours to architects licensed in all states.

HalfMoon Education is an approved continuing education sponsor for engineers in Florida (Provider No. 0004647), Indiana (License No. CE21700059), Maryland, New Jersey (Approval No. 24GP00000700), and North Carolina (S-0130). HalfMoon Education is deemed an approved continuing education sponsor for New York engineers and architects via its registration with the American Institute of Architects Continuing Education System (Regulations of the Commissioner §68.14(i)(2) and §69.6(i)(2)). Other states do not preapprove continuing education providers or courses.

The American Institute of Architects Continuing Education System has approved this course for 7.0 LU | HSW (Sponsor No. J885). Only full participation is reportable to the AIA/CES.

The International Code Council has approved this event for .7 CEUs in the specialty area of Accessibility (Preferred Provider No. 1232).

This course offers 7.0 continuing education hours (HSW) to interior designers. It is not preapproved in states that require such or by any interior designer organization.

Completion certificates will be awarded to participants who complete this event, respond to all prompts, and earn a passing score (80%) on the quiz that follows the presentation (multiple attempts allowed).

Cancellations: Cancel at least 48 hours before the start of the webinar, and receive a full tuition refund, minus a \$39 service charge for each registrant. Cancellations within 48 hours will receive a credit toward another webinar or the self-study package. You may also authorize another person to take your place.
