

Agenda

Presented by Glenn Dea, AIA, ADAC, CASp

Complying with Federal and State Accessibility Requirements

Jurisdiction and enforcement

- History and development of the California Building Code
- Development of the Americans with Disabilities Act Standards for Accessible Design
- Relationship between ADA federal requirements, state requirements, and building codes
- Entities and facilities that are covered

Scoping requirements

- Readily-achievable barrier removal
- New construction
- Alterations and path of travel
- Safe harbors

Building blocks and accessible routes

- Accessible routes
- Entrances and doors
- Ramps

Fire alarm systems/means of egress

- Areas of refuge/exterior areas for assisted rescue
- Platform lifts
- Tactile exit signs
- Stair handrails
- Ramped aisles/stepped aisles
- Elevators
- Stairs
- Assembly areas

Stairway identification signs

Meeting Standards in the California Building Code and ADA

Pedestrian facilities in public rights-of-way

- Sidewalks
- Roundabouts
- At-grade rail crossings
- Detectable warnings
- Pedestrian signals/pedestrian push buttons (PBB's)
- On-street parking spaces
- Passenger drop-off and loading zones and bus stops
- Pedestrian street crossings/crosswalks
- Driveway crossings
- Curb ramps and blended transitions

Site Accessibility

- On-site parking facilities and electrical vehicle charging stations
- Accessible trash enclosures
- Recreational facilities
- Outdoor developed areas
- Shared use paths and class I bikeways
- Directional and informational signs
- Play areas

Building Accessibility

- Drinking fountains
- Showers
- Accessible kitchen facilities
- Assistive listening systems
- Toilet facilities
- Signage standards
- Assembly areas

Reviewing new materials/technologies and anticipated developments in codes/standards

Designing for Accessibility under ADA Standards and the CBC

Live, Interactive Webinar - Friday, February 25, 2022

U.S. POSTAGE PAID
EAU CLAIRE, WI
PERMIT NO. 2016

HalfMoon Education Inc.
PO Box 278
Altoona, WI 54720-0278

Learning Objectives

You'll be able to:

Review the history and development of the California Building Code, the Americans with Disabilities Act, and their relationship in California.

Explore scoping requirements, including readily-achievable barrier removal, path of travel, and safe harbors.

Understand requirements for fire alarm systems and means of egress.

Examine directional and informational signage.

Comply with standards for recreational facilities, play areas, and outdoor developed areas.

HalfMoon Education Live Webinars

Designing for Accessibility under ADA Standards and the CBC

Live, Interactive Webinar - Friday, February 25, 2022

Review CBC and ADA jurisdiction and enforcement

Comply with federal and California accessibility requirements

Identify accessible routes, including ramps, entrances, and doors

Examine standards for pedestrian facilities in public rights-of-way

Explore site and building accessibility requirements

Continuing Education Credits

Professional Engineers

5.0 PDHs

Architects

5.0 HSW CE Hours
(Fulfills mandatory 5.0 hour accessibility requirement)
5.0 AIA LU | HSW

International Code Council

.5 CEUs (Accessibility)

Certified Planners

CM | 5.0

Interior Designers

5.0 CE Hours

Faculty

Glenn Dea, AIA, ADAC, CASp *President of Collaborative Access Studio*
Employed in the architecture and construction industry since 1988, Mr. Dea is a licensed architect in the states of California and Utah and is an ICC-certified accessibility inspector/plans examiner. Since 2001, his practice has focused on compliance with federal and state accessibility standards, Americans with Disabilities Act (ADA) transition plan services, and accessible design covering buildings, sites, and pedestrian facilities in public rights-of-way. This has encompassed accessibility evaluations, plan reviews, and code analyses for numerous corporate, education, and governmental clients.

- Summary of Experience
- Consultant access compliance plan reviewer to California’s Division of the State Architect (DSA) – Los Angeles Basin Region Office (2004-2011)
 - One of California’s first certified access specialists (CASp #023), based on experience and testing criteria administered by the DSA (2008)
 - Alternate delegate (2014-2021) and primary delegate (2021-current) to the ICC/ANSI Committee on Accessible and Usable Buildings and Facilities, contributing to creation of the 2017 edition of the ICC A117.1 Accessibility Standard. The A117.1 Standard is adopted by building code jurisdictions throughout the United States.
 - Provider of over 50 accessibility training presentations to licensed architects and engineers, attorneys, public agencies, and professional organizations, including a 5-hour course addressing the continuing education requirement for California architects.
 - Provider of technical assistance to attorneys and other clients to assist in the resolution of lawsuits, complaints, and claims related to state and federal access laws.

Webinar Information

Log into Webinar 8:30 - 9:00 am PST	Break 11:45 am - 12:45 pm PST
Morning Session 9:00 am - 11:45 am PST	Afternoon Session 12:45 - 3:30 pm PST

Tuition
\$249 for individual registration
\$199 for three or more registrants from the same company at the same time.
Included with your registration: PDF seminar manual.

How to Register

- Visit us online at www.halfmoonseminars.org
- Mail-in or fax the attached form to 715-835-6066
- Call customer service at 715-835-5900

Webinars are presented via GoToWebinar. Instructions and login information will be provided in an email sent close to the date of the webinar. For more information, please visit our FAQ section of our website, or visit www.gotowebinar.com.

Cancellations: Cancel at least 48 hours before the start of the webinar, and receive a full tuition refund, minus a \$39 service charge for each registrant. Cancellations within 48 hours will receive a credit toward another webinar or the self-study package. You may also authorize another person to take your place.

Can’t Attend? Order the Webinar as a Self-Study Package!
Recordings of this webinar are available for purchase. See registration panel for more information and please refer to specific state licensing rules or certification requirements to determine if this learning method is eligible for continuing education credit.

Additional Learning

- How to Design Accessible Parking**
- Wed, Jan 19, 2022 | 11:00 am - 1:00 pm CST
- Construction Cost Estimating**
- Thurs, Jan 20, 2022 | 8:30 am - 4:30 pm CST
- IRC Significant Changes – Chapters 11-44**
- Thurs, Jan 20, 2022 | 11:00 am - 3:30 pm CST
- Erosion and Sediment Control**
- Tues, Jan 25, 2022 | 8:30 am - 5:00 pm CST
- Current Issues for Landscape Architects in the West**
- Thurs, Jan 27, 2022 | 11:00 am - 3:30 pm CST
- Fri, Jan 28, 2022 | 11:00 am - 2:30 pm CST
- Seismic Design and Construction**
- Thurs, Jan 27, 2022 | 8:30 am - 5:00 pm CST
- Stormwater BestManagement Practices**
- Thurs, Jan 27, 2022 | 8:30 am - 5:00 pm CST
- For more information and other online learning opportunities visit:
www.halfmoonseminars.org

Continuing Education Credit Information
This webinar offers a 5.0 hour continuing education opportunity to California professional engineers and interior designers, and a 5.0 hour continuing education opportunity to California architects, which fulfills the mandatory 5.0 hour accessibility requirement.

Professional engineers and architects seeking continuing education credit in other states will be able to claim the hours earned through this webinar, in most cases. Refer to specific state rules to determine eligibility.

The American Institute of Architects Continuing Education System has approved this course for 5.0 LU | HSW (Sponsor No. J885). Only full participation is reportable to the AIA/CES.

The International Code Council has approved this course for .5 CEUs in the specialty area of Accessibility.

HalfMoon Education is an approved CM Provider with the American Planning Association. This course is registered for CM | 5.0 for Certified Planners.

Completion certificates will be awarded to participants who complete this event, respond to all prompts, and earn a passing score (80%) on the quiz that follows the presentation (multiple attempts allowed).
