## Webinar Agenda | Monday, November 28, 2022 | 8:30 am - 5:00 pm EST (including a 30-min. break)

### Development of the 2018 International Energy Conservation Code

ASHRAE/IESNA 90.1

Identifying projects to which the Code applies

Code application and enforcement

Overview of changes to the 2021 IECC

- HVAC, air infiltration
- Service hot water, energy-recovery
- Compliance paths

### Code Compliance Pathways

Prescriptive Performance

Energy Rating Index (ERI)

### Building Thermal Envelope

Weather-resistive barriers

Vapor barriers, air barriers and thermal boundaries

Calculating insulation thickness/U factors

Slab insulation Advanced framing methods

Fenestration requirements, requirements  
for doors and entrances

Insulation requirements

Foundation/basement insulation

### Building Systems

Heating, ventilating and air conditioning systems

Service water heating Power and lighting

### Existing Buildings

Additions, alterations and repairs

Historic buildings

### Complying with the New York Stretch Energy Code 2020

Application of the Stretch Code

Amendments to 2018 IECC commercial provisions

Amendments to ASHRAE 90.1-2016

Looking forward: future developments in energy efficiency

### Presented by Wendy Talarico, LEED AP

Ms. Talarico is an ICC-certified energy/green code plan reviewer and consults with architects and engineers throughout the Northeast to provide continuing education on a range of subjects from codes to building science. She is an instructor for Urban Green/New York State Energy Research and Development Authority's "Conquering the Code," an 8-hour energy code class in New York State. Ms. Talarico was a member of the engineering outreach team for the Brick Industry Association, and she is an award-winning journalist with more than 25 years of experience as a writer and editor for such publications as *Architectural Record* and *This Old House*. Her areas of expertise include building energy, sustainability issues, and codes, including the IECC, ASHRAE 90.1, IEBC, and the IgCC.

### Tuition

**\$319** for individual registration

**\$289** for two or more registrants from the same company at the same time.

*Included with your registration: PDF seminar manual.*

## Credit Information

This webinar is open to the public and is designed to qualify for 7.5 PDHs for professional engineers and 7.5 HSW continuing education hours for licensed architects in New York. Professionals seeking continuing education credits in other states may be able to claim the hours earned at this webinar. Please refer to specific state rules to determine eligibility.

HalfMoon Education is an approved continuing education sponsor for engineers in Florida (Provider No. 0004647), Indiana (License No. CE21700059), Maryland, New Jersey (Approval No. 24GP00000700) and North Carolina (S-0130). HalfMoon Education is deemed an approved continuing education sponsor for New York engineers and architects via its registration with the American Institute of Architects Continuing Education System (Regulations of the Commissioner §68.14(i)(2) and §69.6(i)(2)). Other states do not preapprove continuing education providers or courses.

The American Institute of Architects Continuing Education System has approved this course for 7.5 LU/HSW (Sponsor No. J885). Only full participation is reportable to the AIA CES.

The International Code Council has approved HalfMoon Education as a Preferred Provider of continuing education (No. 1232). Course approval is pending in the specialty area of Energy.

Visit this course listing at [www.halfmoonseminars.org](http://www.halfmoonseminars.org) for updates on pending credits.

Completion certificates will be awarded to participants who complete this event and earn a passing score (80%) on the quiz that follows the presentation (multiple attempts allowed).

### Can't Attend? Order the Webinar as an On-Demand Package!

Recordings of this webinar are available for purchase. See details online for more information and please refer to specific state licensing rules or certification requirements to determine if this learning method is eligible for continuing education credit.
