Basic Estimating Principles

- The role of an estimator
- What is on the drawings
- What is not on the drawings, but equally important
- Extracting a proper scope of work

Earthwork Analysis

- The components of a complete earth analysis
- Expansion and compression of soils
- The significance of topsoil
- Volumes affecting earthwork

Factors That Impact the Estimate of Utilities

- How the depth of utilities impacts the estimate, and the chain of events it creates
- Two ways that pipe volume matters
- The importance of fittings and how to account for them

Calculation of Earth Spoils

- The impact of earth spoils on the cost estimate

Developing Unit Costs

- | | |
|-------------|--------------|
| Material | Equipment |
| Labor costs | Productivity |

Estimating Erosion Control

- The responsibilities of erosion control and how they impact the estimate
- Estimating proper implementation
- The intangibles in erosion control

Proper Conversions

- Industry units of measure
- Converting for uniformity and accuracy

Class Exercise

- Produce sample estimates of components discussed throughout the day

Live Seminar Location:

Courtyard Secaucus Meadowlands
455 Harmon Meadow Blvd., Secaucus, NJ 07094
(201) 617-8888

Online Webinar Information:

Webinars are presented via GoToWebinar. Instructions and login information will be provided in an email sent close to the date of the webinar. For system requirements, please visit the FAQ section of our website, or visit www.gotowebinar.com.

Presented by

Rifka Malik, CPESC, CPE is the president of Sitework Estimating Services, Inc., and has spent the last 20+ years in the construction industry, specializing in sitework. She is a Certified Professional in Erosion and Sediment Control (CPESC) and a Certified Professional Estimator (CPE). Ms. Malik is an independent consulting estimator, a presenter of seminars and presentations to the AEC community and has published construction-related articles in relevant publications.

Tuition

\$319 for individual registration
\$289 for two or more registrants from the same company at the same time.

Included with your registration: PDF seminar manual.

Credit Information

This seminar and webcast are open to the public and are designed to qualify for 6.5 PDHs for professional engineers and 6.5 HSW continuing education hours for licensed architects in New Jersey.

HalfMoon Education is an approved continuing education sponsor for engineers in New Jersey (Approval No. 24GP00000700). HalfMoon Education is deemed an approved continuing education sponsor for New York engineers and architects via its registration with the American Institute of Architects Continuing Education System (Regulations of the Commissioner §68.14(i)(2) and §69.6(i)(2)).

The American Institute of Architects Continuing Education System has approved this course for 6.5 LU/HSWs (Sponsor No. J885). Only full participation is reportable to the AIA/CES.

The Landscape Architecture Continuing Education System has approved this course for 6.5 HSW PDHs. Only full participation is reportable to the LA CES.

The International Code Council has approved this course for .65 CEUs in the specialty area of Sitework (Preferred Provider No. 1232).

Attendance will be monitored, and attendance certificates will be available after the webinar for those who attend the entire course and score a minimum 80% on the quiz that follows the course (multiple attempts allowed).
